EXCERPT FROM LETTER OF PROF. CHATAIN WITH
REFERENCE TO THIS COLLECTION.

I am indebted to you for a very interesting afternoon in the examination of the paintings of your gallery. In every one I found art quality worthy of appreciation. Some of them I remember having seen when they were owned previously in New York and elsewhere.

I have not made an analysis of their characteristics which would enable me to give my official opinion on each painting, but as for my superficial examination I have not seen in any, any suggestions that they might be spurious.

If at any time you or a friend should consider it of importance to have my official opinion over my seal, I would be pleased to make an analysis of the painting and confirm the authenticity.

Very respectfully yours,

PROF. ALFRED CHATAIN.

NOTE: In order that our clients may be protected against the purchase of any paintings of a dubious nature these galleries have caused the issuance of the above certificate from Professor Chatain, who is unquestionably the greatest connoisseur of paintings in the West. All canvases which left any doubt as to their authenticity have been rejected and only those which are unquestionably as represented will be sold.

In order to further protect our clients, the authenticity of each of the following paintings is guaranteed and the purchase price will be cheerfully refunded without question upon the the presentation in writting over the written signature of any reputable dealer or expert setting forth that any painting is not original. Any claims arising under this clause must be presented within 30 days from date of sale.
